Past-Assistant Paymaster Arthur S.
Brown, U. S. N., well known in this
city, has been detached from the Phil-
adelphia yard, and is now acting as
assistant to the general storekeeper at
the Puget Sound Navy Yard.

A. T. Brock, formerly of this city,
has written to Acting Governor Mott-
Smith, stating that he (Brock) has
been admitted to practice law in the
State of California, and that he is now
with the firm of N. W. Halsey & Co.,
bankers.

ROBBERY EVIDENCE

(Continued from Page 1)

ed that it was not of very great mo-
ment. He had asked that the testi-
mony be admitted in order that he
might better work up his embel-
lishment case under indictment for which
Koki is now being tried.

The defense has claimed that there
was no loss to the Government
through any embezzlement of United
States postoffice funds, for if any
money was taken, it had been refund-
ed. Breckons was attempting to prove
that Koki stole the money to make
his accounts balance when the in-
spector came around. However, this
evidence was ruled out by Judge Dole
this morning, although Breckons may
object in the continuation of the trial
this afternoon.

Postoffice Inspector Hare has been
on the stand the most of the time for
the last three days, and his testimony
has been interesting. He gave a de-
tailed account of every process that a
money order must go through from
the time of its issuance until it had
been finally paid and the receipt re-
ceived. The account books have been
the subject of a great deal of discus-
sion by the various attorneys, mostly
regarding the admissibility of different
points in evidence.

**A RELIABLE REMEDY FOR THE
Whisky and Beer Habit**

Very few men become drunkards be-
cause they like liquor. It is fre-
quently the moderate drinker, who before
he realizes his condition, has become a
drunkard. The nervous system, hav-
ing become accustomed to stimulants,
is unable to do the same amount or
quality of work without liquor, hence
the victim drinks more and more. This
is a state of disease and should be
treated by Urine. It destroys the de-
sire for liquor, so that the drink is not
missed. There is no loss of time or
detention from work when it is used.

WATERFRONT NOTES

The A. H. S. S. Virginian arrived
here yesterday afternoon, bringing one
day's mail from San Francisco. She
left the day after the America Maru.
The big boat came down rather light
in the water, but had an uneventful
passage and pleasant weather. She
brought about 1000 tons general
freight, though she was so high that
the inspectors had a hard time crawl-
ing aboard her, outside the harbor.

E. C. Winston of this city returned
on her, bringing a prize boat, and a
shipment of eight mules was brought
down by Mr. Brown for Gus Schuman.
She will load sugar in this port, Ka-
napali, Kahului, and Hilo for Salina
Cruz.

Two stowaways on the Ceylan, the
French vessel which was in this port
some time ago, had a frightful expe-
rience at San Francisco, one of them
being suffocated by gases used to fum-
igate her, and the other being saved
after he had fought his way to a port
hole, and had his head securely calked
into the hole, so that the escaping
fumes would not suffocate him.

The O. S. S. Alameda is due in this
port tomorrow from San Francisco
with mail.

The T. K. K. S. S. Nippon Maru is
due tomorrow from the Orient with
mail. She will take out mail for the
Coast, probably tomorrow afternoon.

THE R. M. S. S. MANUKA sailed
last evening for the Sound, to British
Columbia ports, after discharging
cargo in this port for the greater part
of the day.

THE AMERICAN SHIP Bangalore,
217 days out from Norfolk for this
port, was quoted at 80 per cent when
the Virginian left San Francisco.

THE MAUNA LOA leaves at noon
tomorrow and the Chantrelle at 5 p. m.
tomorrow, both for Maui and Hawaii
ports.

A paper was signed on the Mauna
on her last trip up from the Coloman,
called the "Mauna Searchlight."

THE STEAMER KINAU sails at 5
p. m. today for Kaula.

ALIA PARK BLEACHERS

"What is really needed at Alia
Park is a few bleachers," stated a
prominent fan this morning, speak-
ing on the suggestion made by sev-
eral persons who attend the Alia
League games on Sundays, about
putting up bleachers on the mauka
side of the band stand. The crowd
which attends the games regularly
on Sundays has increased so largely
that the two or three hundred chairs
placed on the ground have been
found insufficient to accommodate
all those who are desirous to be seated
and watch the games. This has
brought out the plan to build bleach-
ers.

"I think it is the duty of some cit-
izens who are supporters of our na-
tional pastime to draw up a petition
and request the Board of Supervisors
to give an appropriation for the con-
struction of the bleachers. A charge
of five or ten cents a head will cre-
ate a nice little income for the
league. The five clubs have already
spent about \$500 for uniforms, bats,
balls, etc., so it is nothing but fair
that the public should add this good
cause along. The kind of baseball
played by this league is worth see-
ing."

Another proposition is to subscribe
a sum among the fans to build the
bleachers and then to repay the debt
from the income from the collections
on Sundays. The latter is a good
plan, in case the Supervisors refuse
to consider the petition. There is
little doubt that permission can be
obtained from the Superintendent of
Public Works to put up the bleachers
on the park. This is the only spot
on the globe where good international
baseball games are played, and
Honolulu should be proud of it.

BOXERS ARE READY

Jockey Willis will do his last real
hard work at the Baths this after-
noon, commencing at 2:30 o'clock.
He will spar six fast rounds with his
sparring partner and will do his usual
training stunts for the edification
of anyone who may care to witness
them. Willis weighed 169 pounds
this morning and looked as well and
strong as could be.

Ah Sam was out on the road
bright and early and did a little
boxing on the side this morning. This
afternoon he will box with Huihui
and Kupa at the Kalamianole Ath-
letic Club.

The Chinaman is making weight
nicely and stated this morning that
he was confident of gaining the re-
feree's decision.

The Fort Stuffer contingent are
all in the best of shape and every
man of the quartet will do his best
to earn the good-will of local lovers
of boxing when the gong calls him
to the center of the ring on Saturday
night.

The advance sale of seats started
this morning and from the brisk de-

mand it looks as if the Orpheum
could be filled with as big a crowd
as has ever witnessed a boxing exhi-
bition in Honolulu.

ing purposes; that they are not own-
ers of land in fee simple within the
said Territory of Hawaii; and that
they are each of them all in all re-
spects qualified to acquire government
lands as set out in section 347 of said
Revised Laws of Hawaii.

"And your petitioners will ever
be true to the Hawaiian people."
Signed at Kaneohe, Oahu, May 15,
1928.

The first of the signers of the peti-
tion is the well known sage of Kane-
ohe, Henry Cobb Adams, who gives his

Deputy Assessor, and appends the fol-
lowing note to his signature: "Also
an applicant for lots 1 and 2, Kanohou-
lulu, and claim that no honest man
should be below 20 p. This is signed
in case I fall in the other application."

The rest of the signers are as fol-
lows:

**BURN FIREWORKS
ON PUNCHBOWL**

Johnnie Nascimento, a bright Por-
tuguese lad who runs the Bulet-
tin press, has had a bright idea
with regard to the Fleet entertain-
ment which is now being favorably
considered by some of those in
charge of the matter. John says
that he for one does not see the
sense of having the fireworks display
at the Capitol grounds, where it will
practically be hiding one's light un-
der a bushel. No one but those who
are in the immediate vicinity will be
able to see more than a limited part
of the display if the fireworks are set
off there, and he suggests that it
would be much better all around if
the fireworks were set off from the
top of Punchbowl. If this were done
they could be seen from all, even the
remotest, parts of the city, and the
sight of the Roman candles, flare
lights, etc., burning on the top of the
old crater would be a very beautiful
and unique one.

"I think that the idea is an excel-
lent one," said Secretary Wood of
the Fleet Executive Committee this
forenoon when the matter was men-
tioned to him. "The display would
certainly be shown off to better ad-
vantage in case it were given from
such a high elevation, and if a few
barrels of tar were set afire it would
have the effect of a continuous show.
Furthermore, there are going to be
many men from the Fleet who will
have to stay on board the vessels on
that occasion, and if the fireworks
were set off from Punchbowl they
would have a chance to enjoy the
sight from the harbor as well as
their more fortunate comrades who
have shore leave."

HER ARMOR HELD

OLD POINT COMFORT, Va., May 27.—The modern United States
monitor Florida became a target today for the 12-inch guns of her sis-
ter monitor, the Arkansas, at a distance of 350 yards, to test the resis-
tance power of her turrets. The turrets withstood the strain of the bom-
bardment and came out of the one-sided contest in good working order.
